NOCONA HIGH SCHOOL

NOCONA TEXAS

Cowboys and Indians estimate the value of a man by his spirit, accomplishments, and personality. NHS, through its various activities such as football, UIL, intramural activities, and special events like Western Day and Hobo Day, tries to build a certain amoung of character and spirit in each individual.

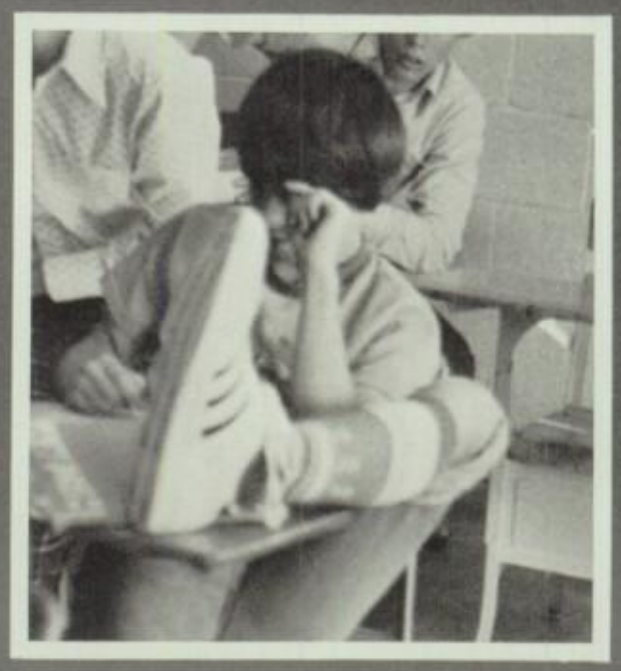
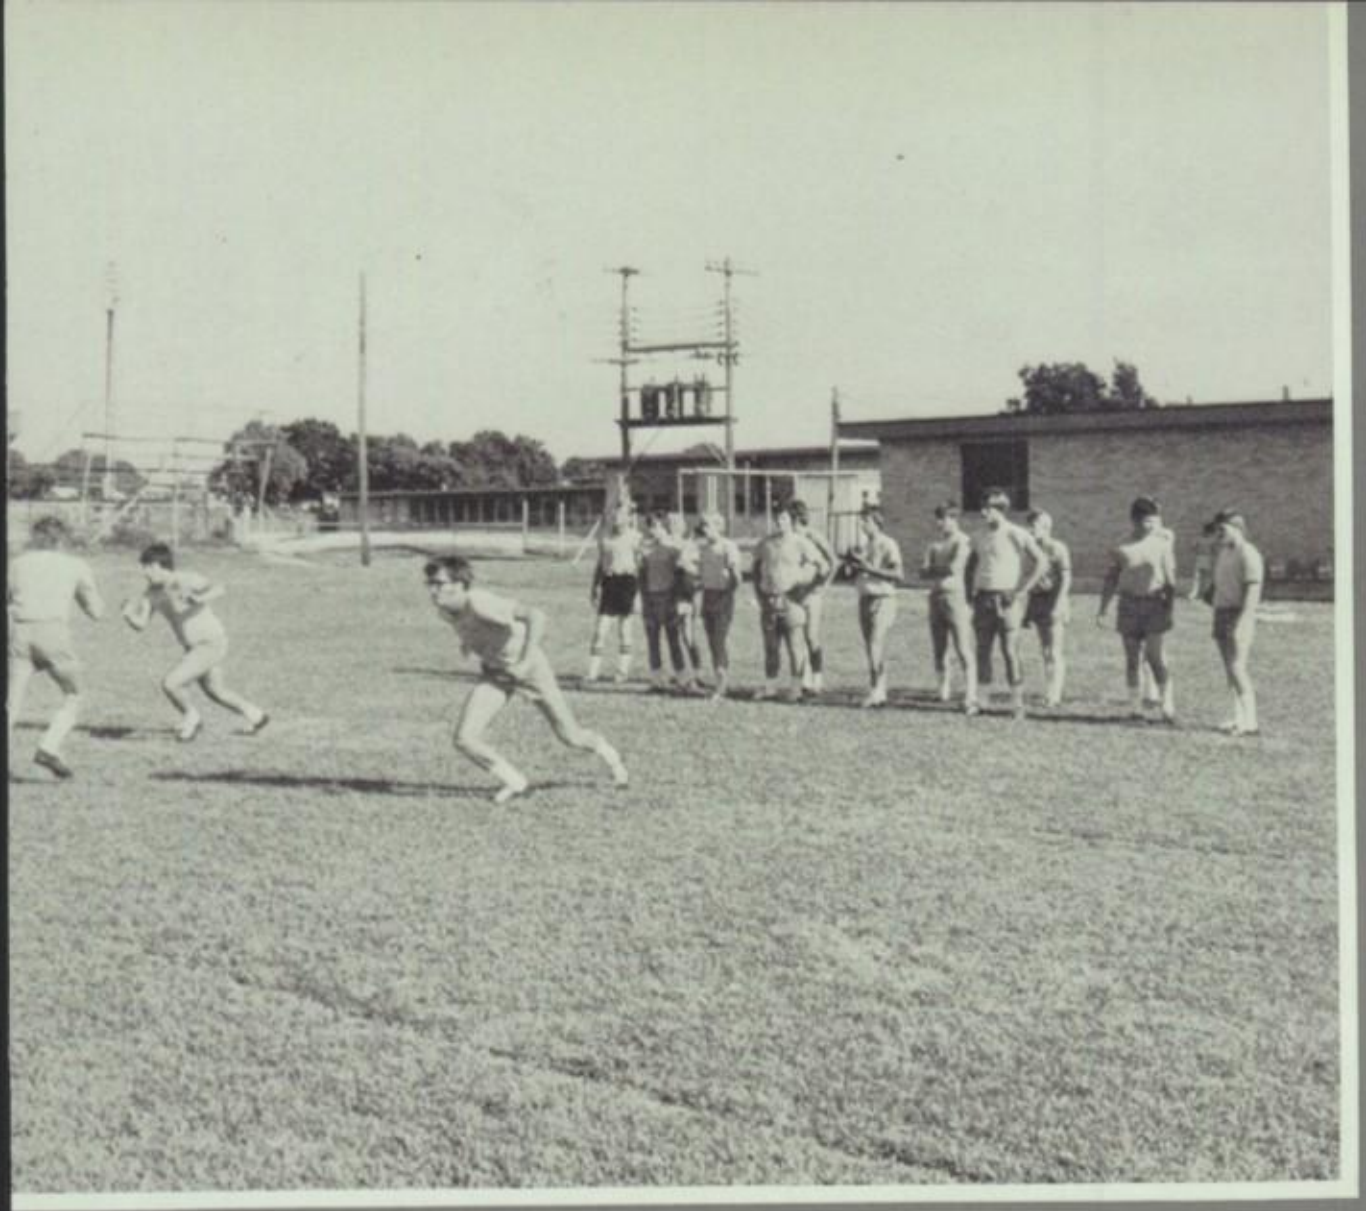
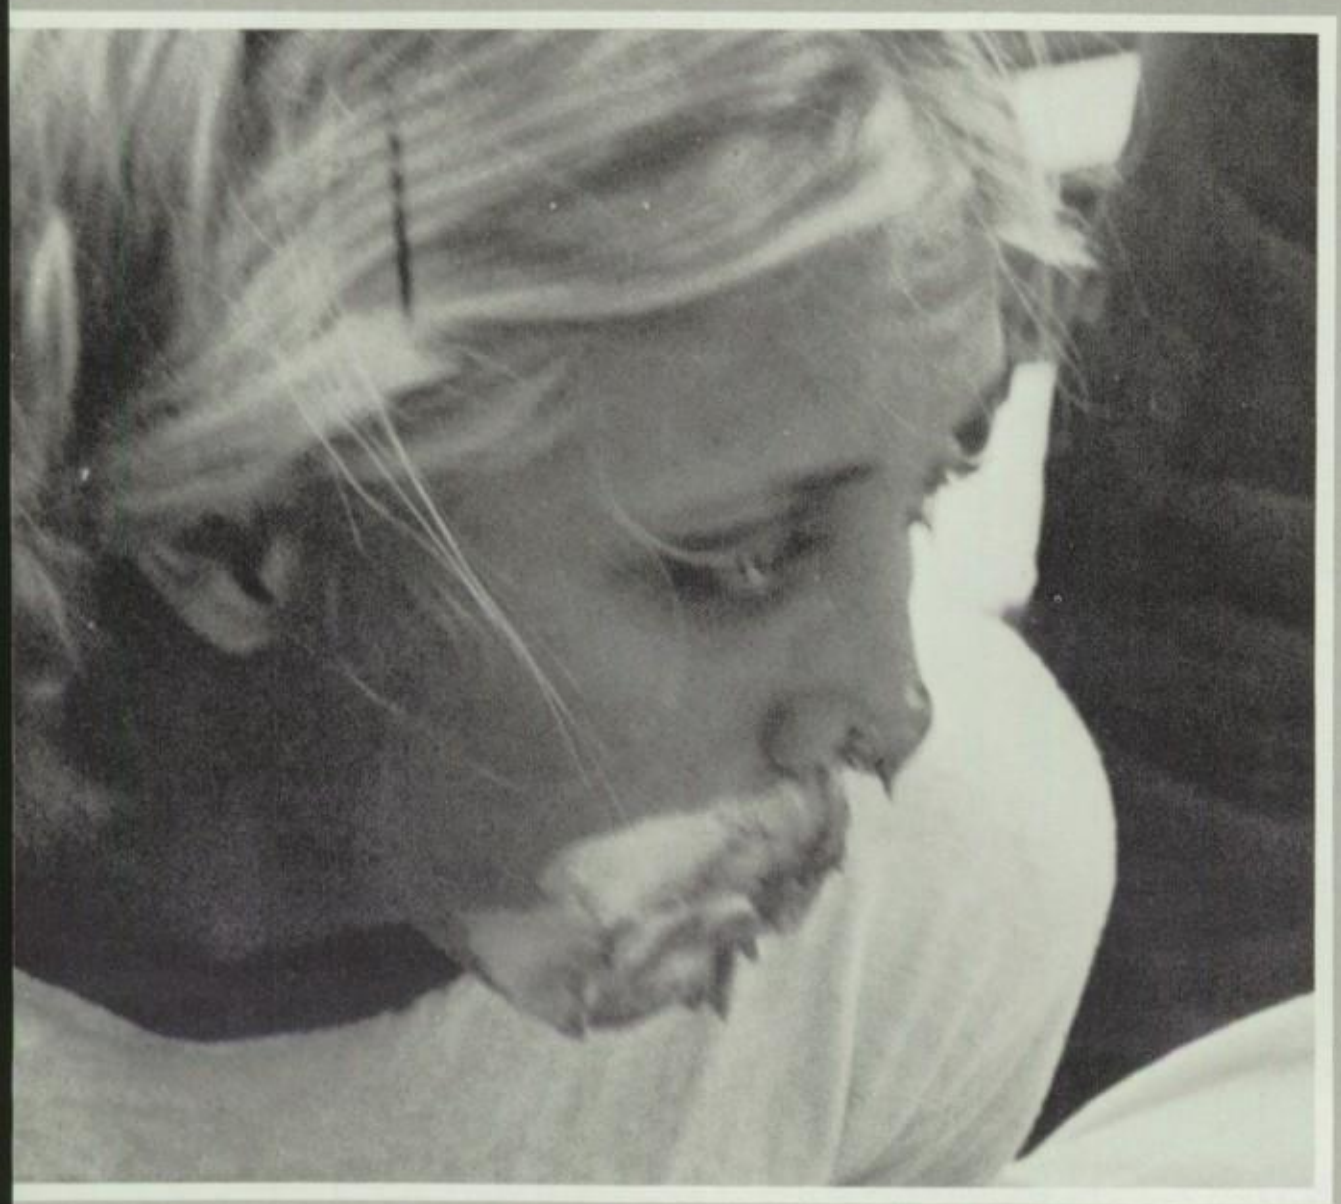
School life is centered around student activities. Elections of student council, and other clubs are major steps in student curriculum.

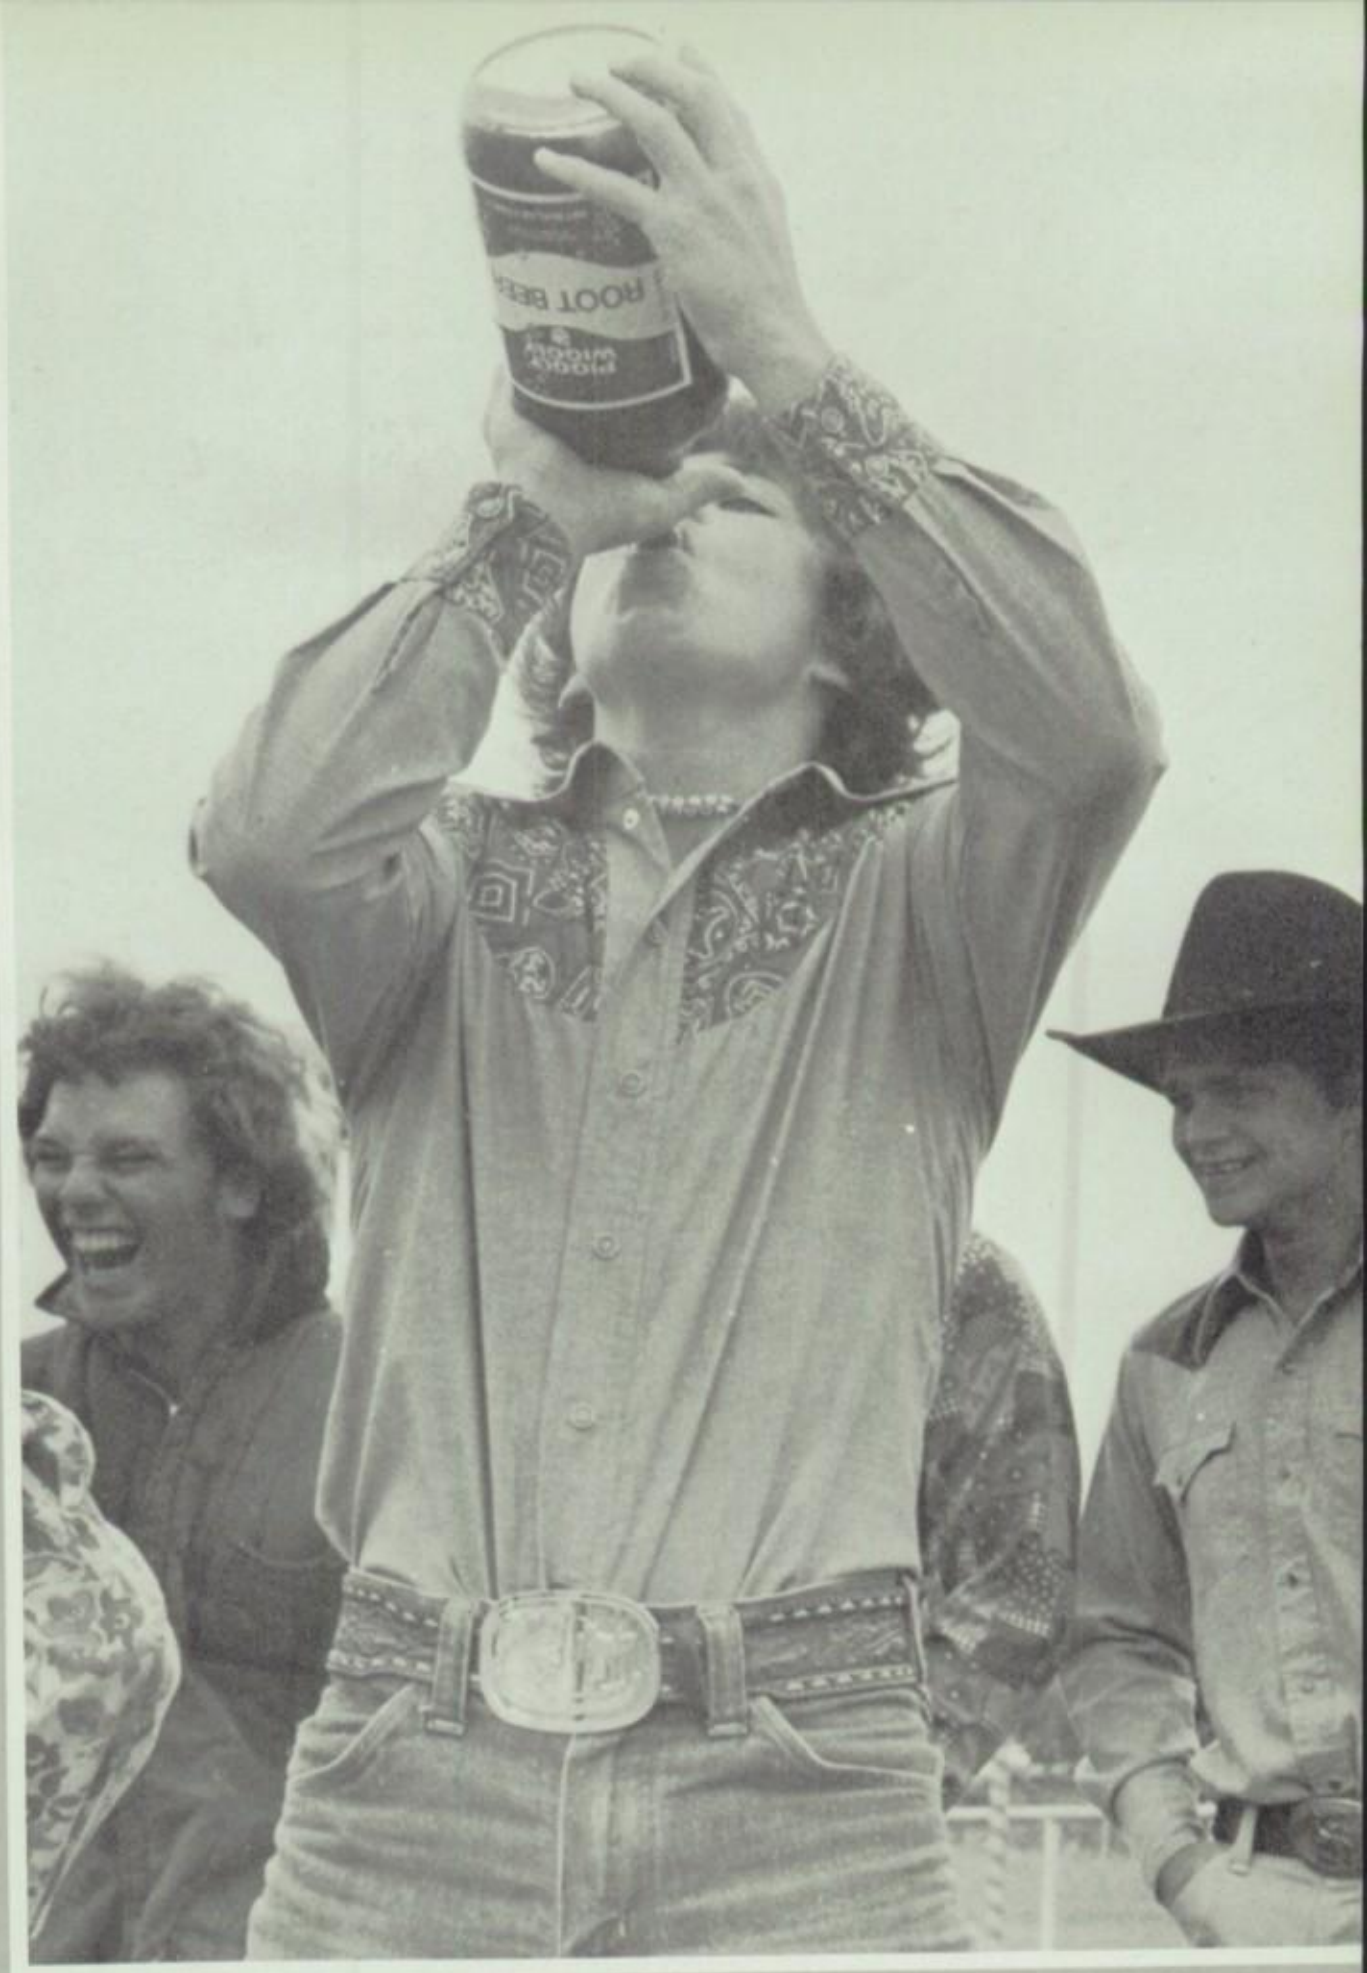




Many events highlight the school year. The first big event is Homecoming followed by the Christmas holidays. This year Nocona High had a special treat--Christmas snow, which was the only snow to fall this year.

Spring is a special time for everyone. Valentine and Twirp week are big openers in school. The Jr-Sr Banquet is the focal point of the spring ending with the All-Sports Banquet where the students received honors. Life is not always as rosy





and each year has its own ups and downs. This year the computer played havoc with the schedules but we still muddled through, while each day we continued to build in mind and spirit.

The first school board to elect teachers was in 1888. Sherman Williams was hired. He was assisted by Miss Jennie Afford (Mrs. McCall). Seventeen superintendents followed him including our present superintendent, Delton Stilley.

Nocona's first graduating class was May 1, 1896. Eleven members made up this first graduating class. Members in the present class are fifty-six in number.

The present faculty consist of 43 teachers, 7 teachers aids, and 5 secretrarys. Nocona has had several buildings since 1888. There have been 3 elementary buildings. The present structure is a beautiful, one story, light, brick building located on the same spot as the other two in South Nocona on Montague Street.

High School and North Ward was first a frame building that burned then one of native stone was ruined by storm. In 1922, a three story, brick building was erected.

In 1952, the four top grades were moved into a new, light brick structure in North Nocona. This was the first deparate high school.

After the students moved in to the new high school, the upper floor was removed and a junior high building was completed after remodeling.

Montgomery Proves Success In Full Year Of Service

Superintendent Delton Stilly, this year made the conversion from the old manual method to the computer. The Nocona Independent School district has had several problems with this method but Mr. Stilley hopes it will all be corrected.

Principal A. W. Montgomery copes with the problem the best he can. He takes a lot of static from the students for several reasons, but he hopes he can repair the problem and get the cooperation and interest of the students.

There are four classes offered for English. English is basically the study of grammar and literature. In order to graduate, a student is required to have three years of English. As an enrichment to English, Speech and Drama classes are offered.

This being the bicentennial year has been special for the History and Government classes in their study of America. This year we went on the quarter system, and it has helped in the study of Government. Government has been lengthened from 4 1/2 to 7 months.

In addition to the core curricculum, the students of Nocona High have special subjects they can engage in ranging from band to the resource room. In band, students learn the fundamentals of music and a great deal of cooperation. The library of N. H. S. is equipped with books to cover almost any subject. Our counselor, Glen Cornwell, is ready to prepare the students for a career of their choice. The resource room is designed to help students become successful in life.

These students obtained experience by engaging in actual business encounters.

Personality Produces Results

A

B

Many of the seniors well as the under classmen have started their plans for the future. To some it means more schooling while others may chose to go directly into some career and try to earn a living without further schooling, but no matter what course or field a student may chose it is essential for a graduating student of todays complex to know a certain amount of the basics in math, working knowledge of the modern sciences, along with English. While to many students have some knowledge of Agriculture or maybe a phase in the Homemaking skills.

All of these courese are offered at N.H.S., some are required courses of which you must take to graduate. Many other can be taken as an elective. Yet, to often these courses are taken lightly and the students fail to get the most out of each course.

Each course is designed to give every student an equal oppurtunity to express their talents.

The key word to High School is being active. That's really what keeps a high schooler going--the extra-curricular activities. And no matter who it is--a student is always active in some sport or event--even if its only intramural or Student Council supported activities, ranging from organized sports to open play-days.

Nocona High School students began their "Pioneer Days" by dressing in the days of yesterday. On the first day, students authenically dressed in their pioneer, cowboy, and Indian clothes and were judged to see who had the most creative costume. Towards the end of the morning many herded down the field chasing the innocent greased pig. On the second day, students enjoyed the kikker dance led by a Country and Western Band consisting of Nocona High School students. A Powder-Puff game was enjoyed also.

This is the common dialogue of the NHS cheerleaders as they prepared each morning for their daily camp routines. Then the HARD work begins.

Our cheerleaders, under the direction of head cheerleader, Becky Hancock, lead the Indians on to some roaring pep rallies and spirited games. But not only were they spirited and always wore pretty smiles, but there is more to it than that. They worked all hours of the night on yells, and signs and were always happy even though we were losing, and they never gave up the spirit.

G. Laura Roberts observes the football game.

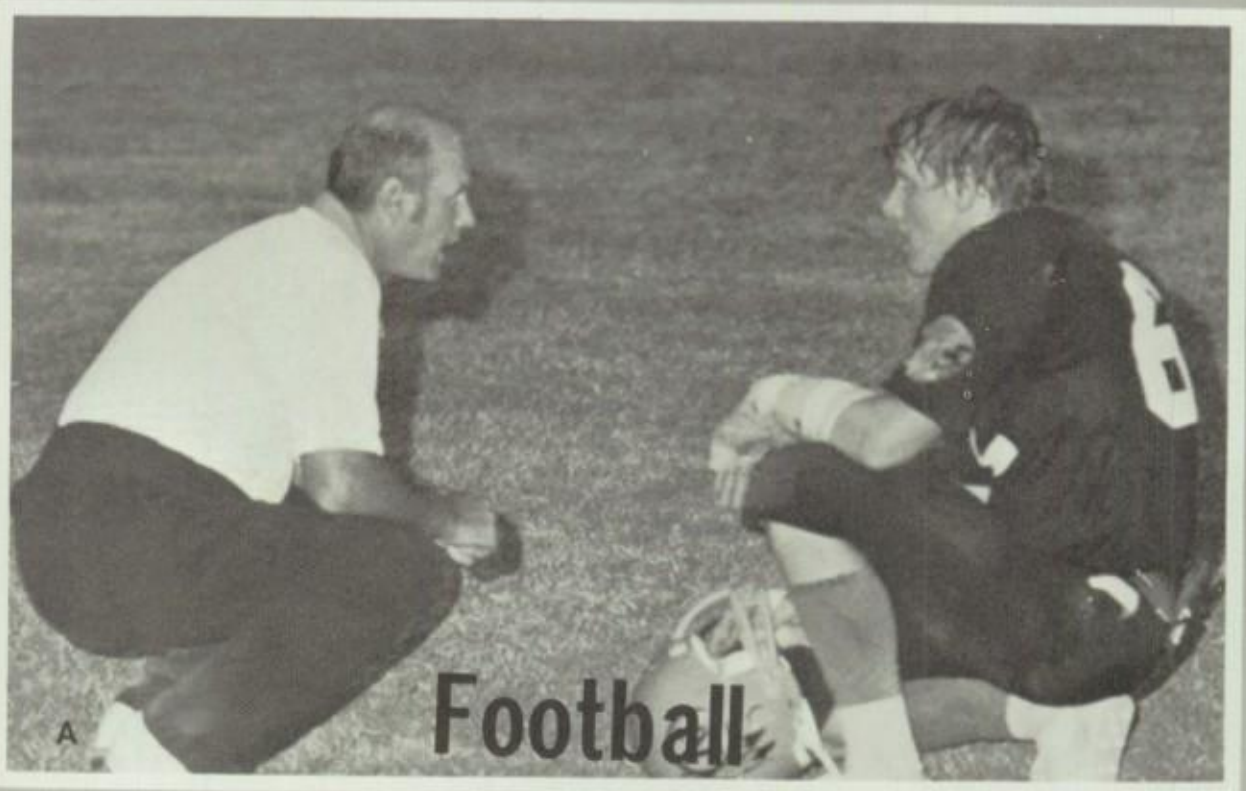
Football



A

"Well, it's here! It came too soon for me...what's wrong with you...don't you have any pride? Yeah, but I can do without this...you think we'll win district this year? Sure would be nice, but it's going to be rough...we'll cross that bridge when we come to it--but state's not that far away--there's the whistle; I'll race you around the goalpost!"

So began "two-a-day-" workouts and a new football season: the time for our team's dream-building. Everyone worked hard (because there's nothing easy about football) and everyone had his own ideas about how good our season would be. So we worked, and at times played; but we all knew what each of us was thinking:

"Well, there Is two more days till the first game..."

Nocona won that game with Windthorst. The offense had finally begun to move slowly, but the stars of that came were the defensive players.

The season continued. After a 13-0 defeat to the Electra Tigers, Nocona had finally caught the eye of the critics, winning a prediction over Henrietta that did come true: 14-7 victory. Visiting mind-reader George Val George had also predicted our victory, but in the end all forecasts are only words: to win is to win, and win we did.

Score doesn't always tell everything, and the Jacksboro game only proved that. The defense played an outstanding game, but the luck seemed to be against the offensive squad. This game would be one of the hardest for the team to lose.

Nocona's 35 to 3 loss to the highly-ranked Decatur Eagles provided the team's worst defeat. Players were taxed both physically and mentally.

Nocona's only district victory spoiled Whitesboro's homecoming activities. A 21-6 point spread may not seem like much, but it was the most we scored in one game.

Nocona returned home for their own homecoming and a chance to avenge a year-long grudge against the Northwest Texans, but again the team was disappointed by a 12 to 7 defeat.

After another defeat at the hands of the Bridgeport Bulls (7-0), fourteen seniors faced their last game and the Bowie Jackrabbits.

Henrietta, Jacksboro, Bridgeport; none could match this game with the Rabbits. All players gave their all, but a 14-6 defeat ended Nocona's season.

Long after the last fans left the field, long after the lights had dimmed, fourteen young men realized that their high school football days were ended.

The main purpose of the Marching band and Pep Club is to boost spirit for the Indians.

The Pep Club and Band attended all the games this season. Half time at every game, the band entertained on the field.

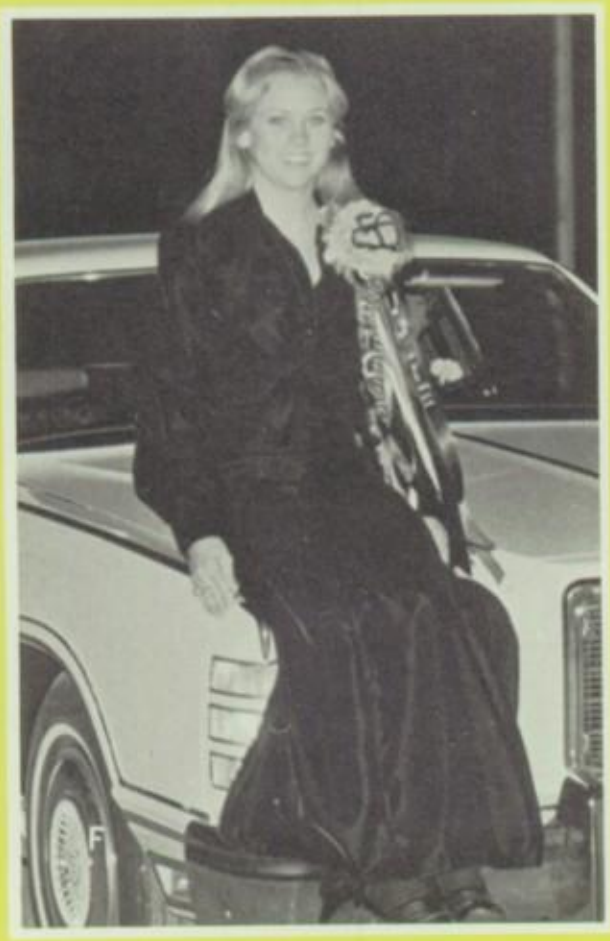
One week in advance students dauned their pickups with trash, trees, outhouses, and etc. to build one of the biggest bonfires in the history of Nocona High School. The pride of the Indians was completed well after midnight when Less Martin was left on guard duty. By 6:00, the air over Indian land was filled with smoke. The Bonfire was burnt to the ground. The day that followed was filled with lots of hard work by the students and several of the townspeople. By that night the rebuilding had been accomplished.



F

G

At 7:00, the bonfire for the Northwest game was started, lots and lots of people attended the bonfire. The cheerleaders lead the people in several cheers and the band played all of the Indians fight songs.

Brrrrr My Legs Are Cold

We attended Twirling Camp at S.M.U. in the early part of the summer to begin our preparation for the upcoming season. Forfeiting leisure time for exhausting, sweaty practices became a simple habit to which all were obligated. Girls who were inexperienced as high school twirlers were taught the fundamentals of perfection.

Memories flood our minds as we tend to look back over the exciting and dramatizing events and situations throughout the year. The rain and the boggy mud at the Jacksboro game permitted twirling in blue jeans and tennis shoes instead of the new uniforms. The extreme coldness of the Northwest game allowed us to drop our batons as soon as we picked them up because of frozen fingers. The boringness of parade marching, the tiredness of practicing the half-time show, and the embarrassment of wearing the wrong uniform are situations that we can laugh at now.

For the volleyball girls this year, it was an exciting season. Even though they did not win district like they have before for the past___years they still enjoyed every minute of the season. Coaching the volleyball girls this year was Billie Yeager, who really worked hard with the girls and made everyone want to do their best at their job in volleyball whether it be a spiker or a setter.

In volleyball this year there was a slight change. Most of the girls didn't mind. Volleyball was at the first of the year rather than during track season, so everyone in volleyball that was also in basketball had to work for both sports in the same period at school. All in all everything worked out just fine and the season was a great success to all of the girls no matter how the games did turn out.

Maidens Warm Up

Here they come. Our varsity girls have started their warm-up that they always do before a game. The girls begin by making a circle around one end of the court while clapping to keep the spirit up. After the circle comes a sharp looking three man figure eight is made which heads for the goal and all three girls shoot. Each one also rebounds and the last person throws the ball to the middle girl in line for the next figure eight to go.

The girls had a fairly exciting year in golf this year. They won second in district, which made them qualifiers for Regional. All in all it was a rewarding year.

As it seems, the boys didn't do as well as the girls. The B team won 1st at district and the A team won 3rd, only to be beaten by Jacksboro and Decatur. The boys will not suffer much next year because they will lose only one senior Tim Allred.

Jackie Goes To State

This year the literary events were divided up into three different contests. The first one, which took place in Decatur on Monday, April 28, consisted of journalism and ready writing. The following day, April 29, the debate contests were held in Weatherford. On Wednesday, April 7, the contestants started out to Weatherford early for what proved to be a hectic, but successful day. Lunch came, things went very slowly; and it seemed that there was a pizza shortage going around. After everyone had done his own special thing, the waiting in the cafeteria for the results began. Everyone's anxiousness and nervous stomaches were partly eased by meeting and talking to the other contestants. The climax of the evening was when all three district places in prose were won by Nocona. In all there were 8 contestants who advanced to Regional, and Nocona ended in fourth place with 75 points at district level in Weatherford. To top the day off, our speaking files took a quick trip to Decatur. It seemed that Big Rob had put them on the wrong bus. On Friday, April 23, the 8 regional qualifiers left shortly after fourth period for Arlington. They spent the night at the Quality Inn. While there, they went ice skating, some for the first time in their lives. Others went to see shows, and everbody just goofed off at times. The results came, and Jackie got to advance to State in prose. They returned to Nocona Saturday night.

"1984" Fails District Test

The U.I.L. District One Act Play contest was held in Jacksboro on Friday, April 2. Nocona took the play "1984" to district this year after several changes. Unfortunatley, due to illness, Pam Abel was not able to go to contest. Cindy Collins received an honorable mention, and Tim Allred got on the All-Star cast. Hampered by nervous stomaches, an over desire for victory, and a short in the sound equipment, the Nocona ensemble failed to receive a final ranking.

Floods of color and light and stars set the scene for the band banquet on March 19, 1976. Hours were spent in preparing the "Colour My World" theme, as were preparations for the food. New concepts were shown throughout the banquet as the High School and Junior High parents busily prepared the charcoal broiled steaks in the South Ward Cafeteria.

The highlight of the evening was when Gloria Lowrie and Tim Allred were announced as Band Sweetheart and Beau. Their court consisted of Janet Carver, Melanie Chapman, Beth Linn, and Theresa Roberts, and Bob Duckworth. Due to a shortage in Senior boys, Keith Sawyer, Hobie Meekins, and Marcus Hulse substituted in as escorts.

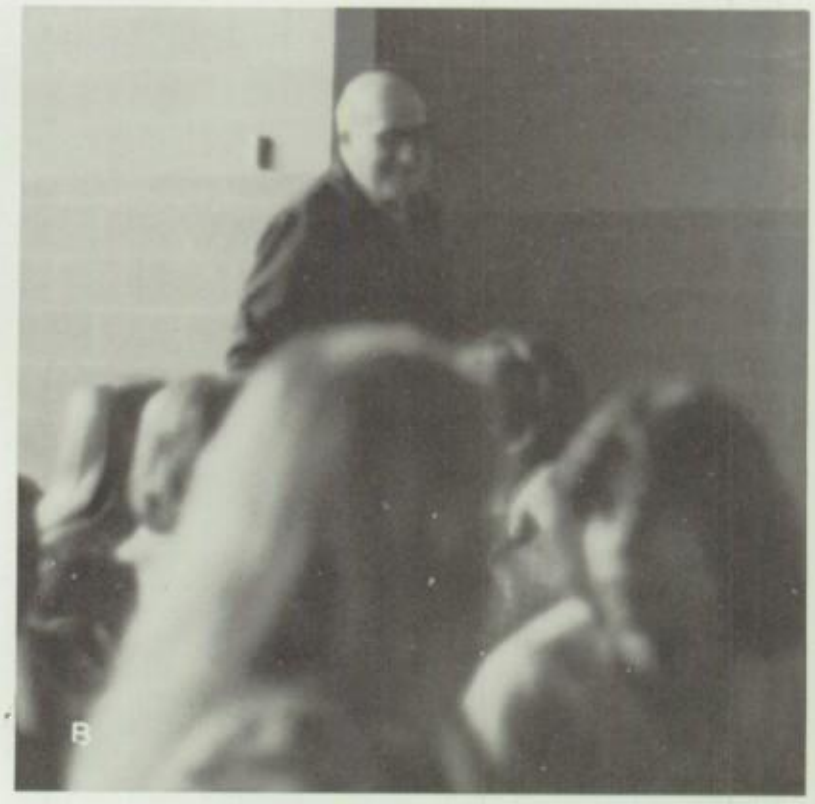
OEA Explorers Study Careers

A



B

Fun, excitement, and a great learning experience--that's how an OEA student would describe the organization. In the 1975-76 school year, some of the girls participated in district contests and went to conventions. The girls also had a teacher as a "special friend." The girls did little things for her particular teacher throughout the year. The teachers and students enjoyed the project. The OEA also had several parties during the year, including a pizza party for everyone to get acquainted and a Christmas party.

C

The 76 track season was one of the best that Nocona has experienced in several years. Nocona placed in the top 3 in all but a couple of meets. Several of the boys went to Regional in at least one event. Approximately 25 boys participated in the tract program and 7 of these were seniors which is the largest turnout of Athleates in several years.

Nocona attended 7 meets during their season. They opened at Decatur, then traveled to Holiday. Third to Possum Kingdom relays at Graham. Next Nocona played host at the Indian Relays where they drew a close second. Bowie won first at District.

Janna Goes To Regional

Although track season for Nocona High's girls was a short one; it was full of much fun, excitement, and experience for all who were involved. A small squad made up of about 12 or 13 girls (mostly under-classmen) did average overall, but had alot of individual talent. A few girls placed well in district, but Janna Sewell was the only team member who advanced to regional.

The girls were often seen running around the track during second period, for that was when they worked out. Every morning, whether or not they wanted to, the girls were working out. The work paid off though, and for the most part, it was a good season.

Long Nights Hard Mornings Produce Results

The Concert Band season started in full swing. Members found themselves involved in strenuous early morning rehearsals as well as regular night practices. Although the band found that they were short on the low brass sounds, their capable band director found tunes which stress the upper woodwind sound. Even though it sounds like band is alot of hard work, the members of the band are repaid with the feeling of accomplishment and self esteem.

Tradition Carries On

Dress alike day is a age old tradition on the Nocona High School campus. For many years girls have been left the responsibility of asking a boy to dress like her and then buying the shirts. These participating this year were: Jodye Keck, Buck White, David Howard, Connie Payne, Randy Bales, Darla Murphey, James Robinson, Linda Redman, Laura Roberts, John Hancock, Terry Newland, David Yeargin, Tommy Eldred, Philip Sawyer, Mike Hancock, Marvi McWhirter, Lesli Johnson, Mark Hancock, Luana Russell, Billy Hughes, Joe Bob Combs, Casey Uselton, Abby Seay, Hobbie Meekins, Robbie Smith, Robby Storey, Kayla Rice, Joel Haralson, Tom Crabtree, Mary Lanham, Beth Nunnely, Sam Howard, Ronnie Beckham, Jan Kerr, Glenda Allison, Bob Duckworth, Christy Uselton, John Taylor, Jimmy Yarbrough, Lisa Roberts, Dee Ann Albertson, Tony Woods, Shelley Sparks, Mike Rose, Tami Powell, Tammy Grant, Tammie Fatheree, David Arnett, Jackie Rhoads, Pan Abel, Julie Payne, Beth Linn, Lisa Crenshaw, Kristen Breeze, Gail Gilmore, Christy Storey, Joy Kerr, Brenda Clark,

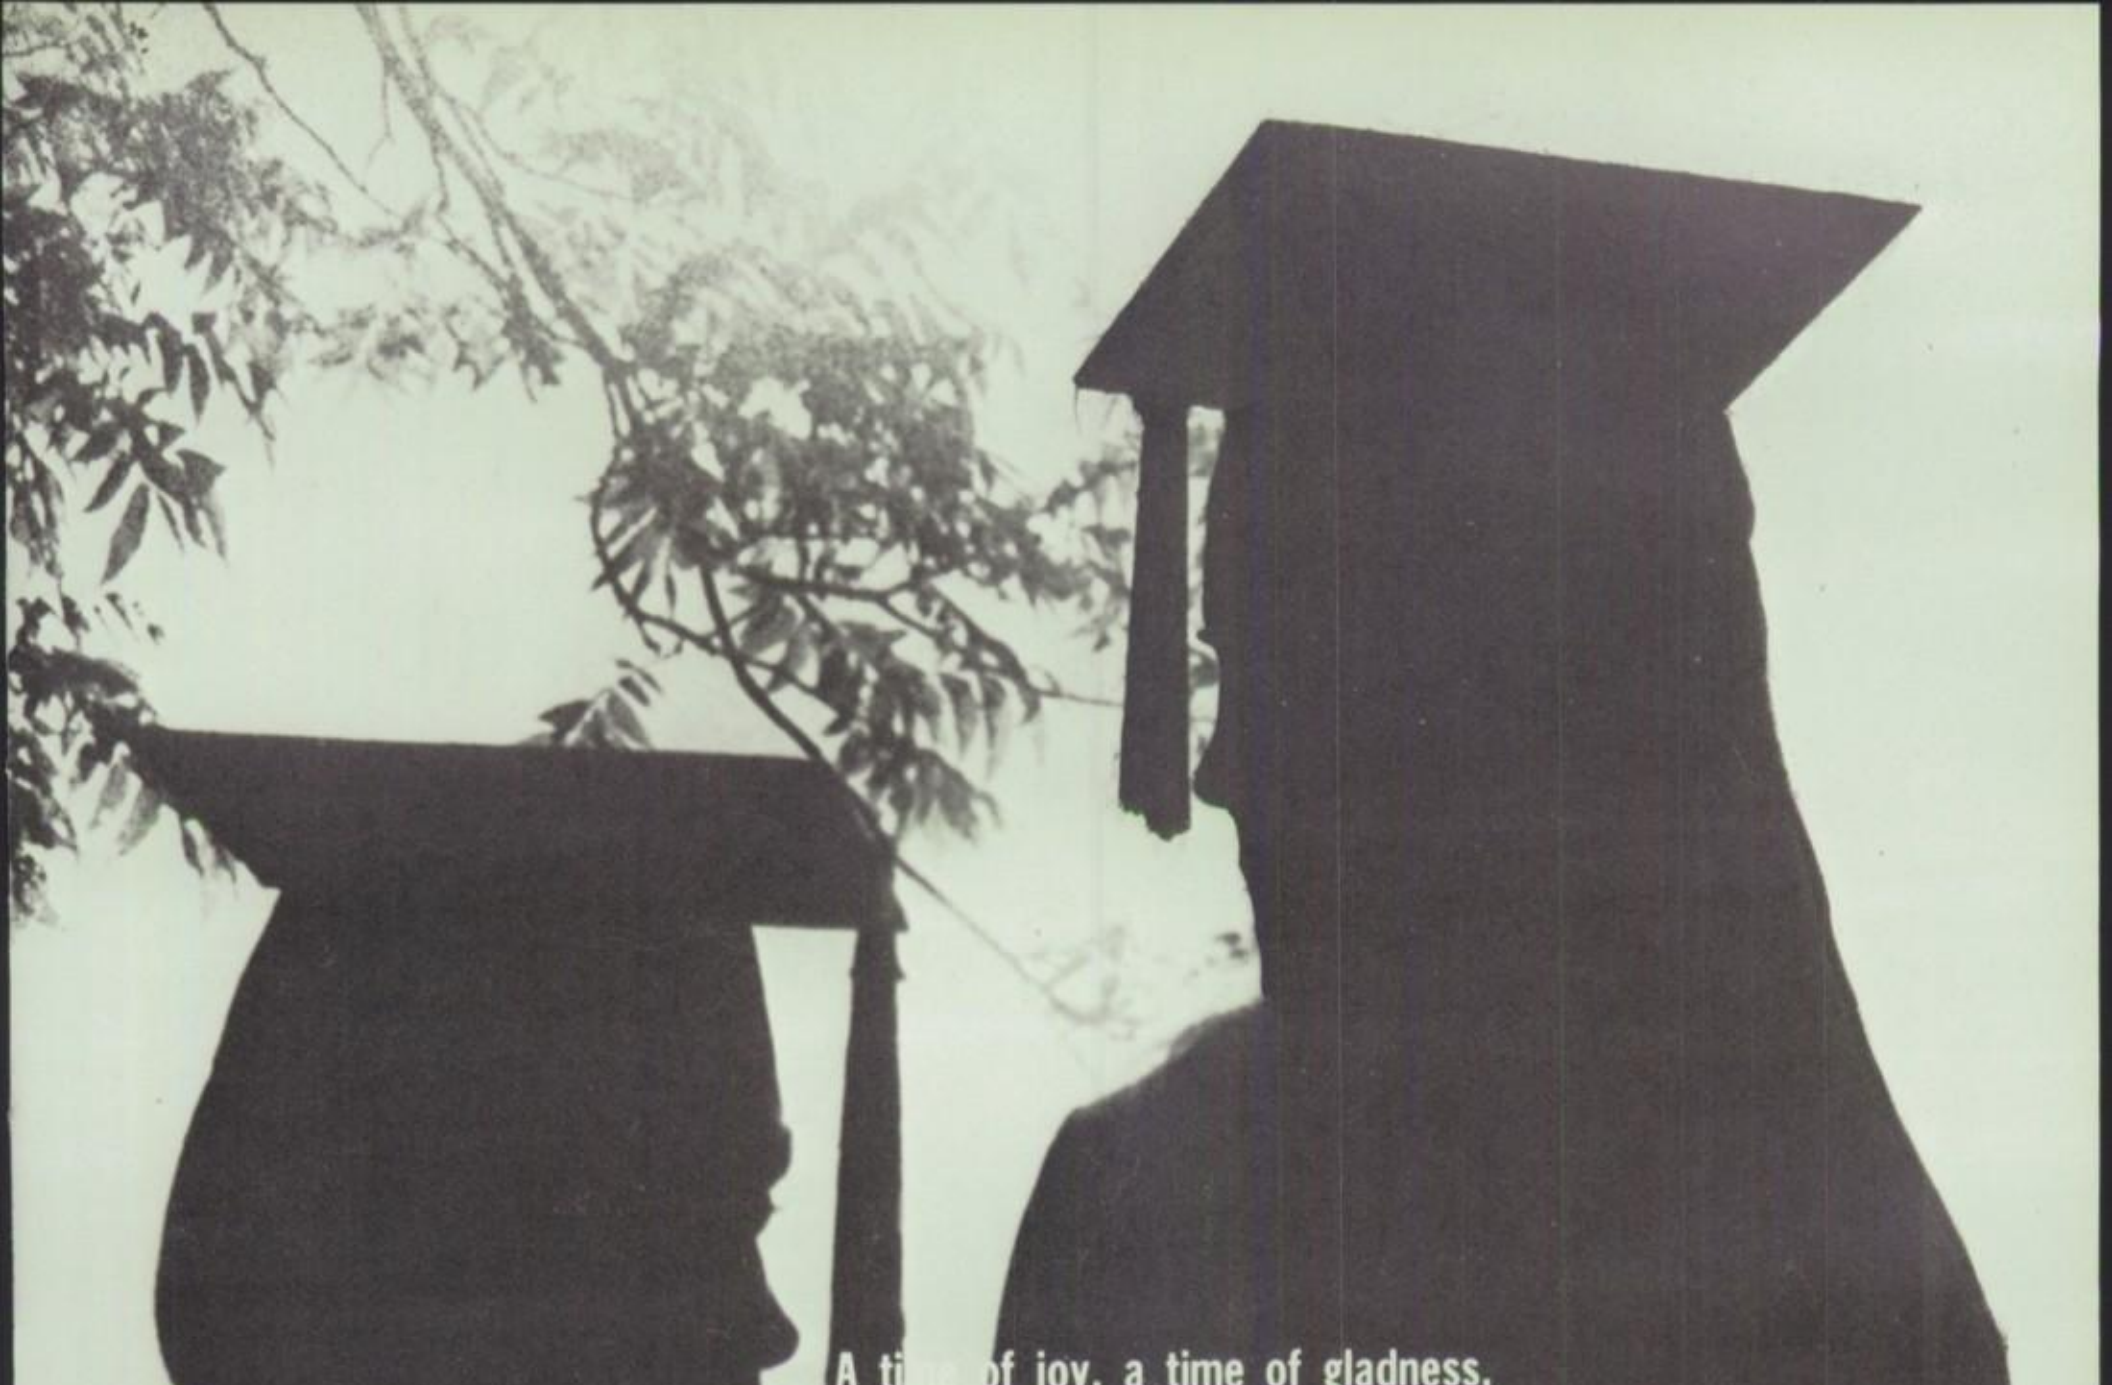
It's Over

The Senior Class of 1976 took its senior trip to the lake on Friday, May 21 and to Six Flags over Texas, Monday, May 24. On Friday the seniors enjoyed a day at the lake highlighted by a grilled hamburger lunch. Activities going on were boating, skiing, swimming, fishing, and frisbie football. The day was a beautiful one with lots of sun. Everyone received either a good tan or a good burn! The trip to Six Flags was a very enjoyable one for everyone involved. The seniors left Nocona approximately 8:15 Monday morning and stayed at Six Flags until 7:00. Mr. Delton Stilley and Mr. "Bud" Montgomery along with Steve Uselton accompanied the senior class on the trip.



A time of joy, a time of gladness,

Both mark the ending of 12 years of each of our lives.

As we close the book of a child,

We began opening another, as an adult.

As we pass our separate ways,

Let us not forget the love and understanding

We have shared one with another.

In High School there is a custom of every class picking their favorites. The Junior class of 1976 elected Tammie Fatheree and Sam Howard. These two contribute in many ways to the noise, excitement, and all of the trouble which occurs in the Junior class. The Juniors of high school are involved in many activities. Their school year is based on an excessive amount of work, but many of them make time for entertainment.

This year the Student Council has been working hard at trying to improve what goes on in our school. We have had many activities this year such as Pioneer Day, Fifties Day, Talent show, UNICEF Drive, and others. The Student Council is sponsered by Elaine Tompkins, and newly appointed Toby Howard. With their help the council has been more of a success than it ever has been. Our Student Council is District Parlimentarian which makes our Parlimentarian a District officer. All councils in the District vote for the schools, so it is an honor to be any officer. Our council strives to better our school.

Project Inquiry again this year has participated in discussion groups between the High School and Junior High. The members held open discussions with Junior High students to afford an opportunity to open a line of communication between the students of the two schools. Toby Howard, sponsor, sets up the activity. Members include; Cindy Collins, Jim Hancock, Kim Chapman, Barbi Lowrie, Robby Storey, Beth Baker, Beth Nunneley, and Becky Hancock.

The Speech and Drama Club organized early this year with high hopes of an active year. Cindy Collins was elected president with Mike Hancock vice president, Debbie Brown, secretary, Pam Abel, treasurer, and Donna Lee historian. With the limited activities for fund raising, the Club was for the most part dorment. They did have two parties and a Veteran's Day Assembly. The organization was the inactive producer of the Contest Play.

Chief & Arrowhead

People do not realize the trouble and time consumned in constructing a paper or an annual. The editors and members of the staffs give literally hours of their free time and worked till they had a finished product. But all of it couldn't have been made possible without the sponsor of each publication, Mr. Glenn Standly.

The editors and sponsor started work on the publications weeks before school began at a I.L.P.C. workshop in Austin. There they learned new ways and different ideals which are represented in the 75-76 arrowhead and chief.

Again, as always, an annual has been completed, but not the school year. For I feel as editor that the annual staff and I have completed out task to the extent that for years to come and as the students of N.H.S. look back maybe a memory can be relived by the finding of one picture or one line of copy, a memory that maybe have otherwise been forgotten. If this is so, then the annual staff and I have meet our challenge. The challenge to use the materials presented to us by the student body to construct such a book that can enable them to reconstruct the memories for years to come.

As always, certain acknowledgements must be made, and it would only be fair to start with the man who is responsible for the accomplishments that we have made and that man is Glenn Standly. Words can not express the thanks that are due to this man. The time, devotion, and ideals he has expressed and used have enabled us to produce an annual that have open new doors to annual staffs of Nocona for years to come. Also thanks are due to Larry and Donna Lemons. Most do not realize what the Lemons have been through with this annual, but a small hint would be that 135% of the pictures weretaken and developed by Larry and Donna.

In closing, I most regretfully sign this, because a part of my life is closing. A part in which I have learned to accept responsibility and have matured a great deal. By signing this I have the greatest feeling of accomplishment and a great deal of pride bound between these two covers. My final hope is that I have served the students of N.H.S. to the best of my abilities and that they will never have any regrets in giving me the priveledge to attempt--and I pray--accomplish this task for them.

In love,

Beth Linn

School for the Elementary students isn't all work, as some believe it to be. There is fun and play also. Students look forward to the recesses and lunch break when they have a chance to see and relate exciting events to their new friends.
